Employment History & Work Experience

- Currently work as the Operational and Strategic Manager for our family farming enterprise Aurifer Partnership. I oversee the daily operation of a mixed agricultural production enterprise consisting of three properties and four employees. I began in this role in December 2009. From 2009 to 2011 this role also entailed externally managing and overseeing the operation of Bridgestone Dalby Tyre Centre.
- Appointed Director for Grain Producers Australia 2012 term starting 2013.
- Appointed as a Director to the AgForce Grains Board in April 2011.
- Graduated from University of Queensland with a Bachelor of Agribusiness 2010.
- In 2008 I spent six months at Texas A&M University after winning the TopX International Student Exchange Scholarship Award. During the semester, I compiled a report for TopX concerning the marketing of cattle in Texas.
- From June 2006, I spent six months as a Trainee Systems Analyst at Bridgestone Australia's Tyre Marketing & Operation, Management Information Systems Department in Adelaide. In this role I implemented and managed the electronic invoicing systems.
